

Technical data		WELDY PRO		
Voltage	V		120	
Power consumption	W		1400	
Temperature range	°F		180-1020	
Air flow	cfm		8.8/16	
Static pressure max.	Pa		1300	
Weight	lbs		1.72	
Double insulated			•	
Air flow adjustment: Two steps switch			•	
Accessories:				
Glass protection nozzle			•	
Wide-slot nozzle			•	
Reduction nozzle Ø 20 mm			•	
Reflector nozzle			•	
Welding nozzle			•	
Overlap welding nozzle			•	
Pressure roller			•	
Solder sleeve reflector			•
